- Addressed with dip switches or hand-held programmer ✔

Overview

The Remote LED Indicator is an addressable loop powered device housed in a stylish and attractive moulding with 360 degree LED indication.

Two variants are available, ceiling or wall mount. The ceiling remote indicator can be used with any ProFyre base such as the common, deep and isolator bases. The wall mount version comes supplied with a back box for surface mounting purposes but is designed to fit a single European back box for semi-flush mounting.

Tech Specs

Operating Voltage (Loop)	17 to 28Vdc
Quiescent Current @ 24V	450µA
Alarm Current	2.1 mA
Operating Conditions	Tested to: -10°C to +50°C (14°F to 122°F) Humidity: 0% to 95% RH, non-condensing
IP Rating	IP43
Design Environment	Indoor Use Only
Weight	0.07kg
