

## Key Features

Standalone applications up to 8 lines

Integrated Assist Call with acknowledge meeting BS8300

Lockable handset cover

Full duplex operation

Fully compliant to BS 5839-9:2021

## Overview

The Crisis EVC Standalone Master Station is perfect for smaller installations with up to 8 lines. It is easy-to-install, reliable and cost-effective.

The Crisis EVC Standalone Master Station is a self-contained enclosure that houses a master handset, one to four dual line cards, power supply and battery charger. It is made from powder coated zintec with a perspex door covering the handset and can be flush or surface mounted. 20mm cable knock-outs are provided for all necessary cables as well as space for the backup 12V VRSLA battery.

All Crisis EVC Outstations are compatible with Crisis EVC Standalone Master Station, this includes: Crisis Type A Outstations, Crisis Type B Outstations, Crisis Type C Outstations and jack points for use in Far and Middle East applications.

Lines auto identify by flashing red for EVCS calls, blue for assist calls or flashing green for connected calls as detailed in BS 5839-9:2021. An accessible toilet and Type B refuge point can share the same line, as the front panel RGB indicators identify which is calling, with refuge overriding emergency assist calls as required by BS 5839-9:2021.

## Tech Specs

AC Input	230VAC +/- 10% 50/60Hz
Internal Supply	5V, 16V, 27V DC
Supply	Monitored Open, Short, Fuses, High Impedance
Protection	Deep discharge, Short, Thermal
Battery Type	1 x 12V 7AH VRSLA, Thermal

## Tech Specs

Fuses	Mains: 240V 1A HRC Battery: 750mA PTC
Charge Current	400mA
Lines	2-8 in 2 Line Blocks
Remote Enable	Short to Use
End of Line	10KΩ
Outputs	2, Fault & In Use Station 1.5mm
Relays	Fault: 1x Volt free NC, Com 30VDC 1Am In Use: 1x Volt free NO, Com 30VDC 1A
LED Indication	Zones: 8 Zone Keys with Buttons Faults: PSU, System and General Supply: AC, DC
EMC	EN 55035:2017+A11:2020EN 55032:2015+A1:2020
LVD	EN IEC62368-1:2020+A11:2020
Compliant Standards	BS 5839-9: 2021BS 9999:2017, BS 8300-2:2018
Dimensions (W x H x D)	350mm x 300mm x 95mm
Weight	4.2kg
